

DIARY NOTES

25X1A DD/S [REDACTED]

4 December 1961

1. I asked Matt Baird to prepare a paper which would reconsider our policy concerning the School of International Communism; specifically, I told him that we should use his original paper outlining the three phases of the School's program and then give the current status of each of these three phases. Insofar as I am concerned, I intend to recommend that we continue and place greater emphasis on Phase I (Education of our own people); that we continue with Phase II (Participation in the programs of other governmental agencies, insofar as this does not interfere with Phase I); and that we discontinue Phase III (Participation in programs outside of the Government, such as Princeton University, Columbia University, etc.). Matt said that he agreed with my recommendations. H

2. We conducted our first DD/S Staff Meeting in the new building which was devoted primarily to transmitting the information gleaned from the Deputies' Meeting last Friday, 1 December, concerning procedural changes that would be made under Mr. McCone's regime.

3. [REDACTED] showed me a letter that Mr. McCone had received inviting him to be a member of the Board of Directors of WAEPA and indicating that if he felt he could not do so to nominate someone else. I asked Harry to prepare a letter for Mr. McCone's signature nominating Emmett Echols.

4. General Cabell advised me that Mr. McCone had asked him to make a study of our parking arrangements at the new building. Consequently, Jim Garrison, H. S. [REDACTED], Gates Lloyd, and I met with General Cabell and [REDACTED] later in the day. General Cabell approved of the plan that we had made and asked us to (a) prepare an informal memorandum to Mr. McCone for his signature and (b) to be prepared to discuss this at the Deputies' Meeting on Wednesday, 6 December. 5. Gates Lloyd, Jim Garrison, [REDACTED] and I met with [REDACTED] to discuss DD/P requirements for downtown office space. While their plans and ideas are far from firm, they do have a strong preference for space at 1717 H Street, N.W., and I see no reason why they cannot be accommodated there in probably not more than half of the space which is to be made available when DPD moves out. I have asked Jim to have his Space people work with [REDACTED] to determine their actual requirements, and [REDACTED] has committed himself to let us know definitely not later than 20 December 1961 as to whether we are, in fact, to move forward with this concept. 6. [REDACTED] telephoned to say that Dick Bissell wanted to place two items on the agenda for the next Deputies' Meeting: "Status of Fiscal Year 1963 budget deliberations and status of withdrawals from the Reserve for Fiscal Year 1962." I have asked [REDACTED] to prepare a paper on these two items.

[REDACTED] to give me an up-to-date briefing on this on Tuesday, 5 December.

7. [REDACTED] was in to pursue briefly our conversation of a few days ago concerning the supervision of the Clandestine Service's Personnel Division; Pat felt that the lines of authority and responsibility for supervision of this function needed to be clarified.

I told him that I would like to defer this until Emmett Echols and [REDACTED] returned. However, I want to give serious consideration to the possibility of placing this function under the firm supervision of the Director of Personnel rather than the SSA-DD/S, and see no reason why this cannot be done with ease when we all are located at Langley. 9. [REDACTED] briefed me on the case of [REDACTED] a DD/P employee who is being considered for selection out. The Office of Personnel and the Clandestine Service have some differences of opinion as to whether she should be selected out. I asked Harry to obtain an informal opinion from the General Counsel as to whether the evidence submitted did support termination.

10. [REDACTED] telephoned to say that there was an article in the LOS ANGELES TIMES on 28 November which indicated that Lieutenant General Arthur G. Trudeau might come to CIA as Mr. McCone's deputy. While Mr. McCone does not want to make any public comment, he would like the word to get around that there is no truth in this article.
